Note: No personal information is gathered as part of our install process. Click here for more information on what we do collect.

Click Install to accept the license agreement and install Java now.
Step 10: After the installation go to start
Step 11: Click Control Panel
Step 12: Click Java
Step 13: Click Update Tab

The Java Update mechanism ensures you have the most updated version of the Java platform. The options below let you control how updates are obtained and applied.

Notify Me: Before downloading

☑ Check for Updates Automatically

Java Update will check for updates at least once a week on Sunday at 4:00 PM. If an update is recommended, an icon will appear in the system taskbar notification area. Move the cursor over the icon to see the status of the update. You will be notified before the update is downloaded.

Typically, you will be notified of the update within a month of its release. However, if an update is considered critical, you will be notified within a week of its release.
Step 14: Un-check the box for “Checks for Updates Automatically”

Step 15: Click Do Not Check
Step 16: Click Apply, then click OK

You have successfully installed Java.
