The Department of Educational Leadership and Secondary Education is a part of the College of Education, Humanities, and Behavioral Sciences.

Teaching is a highly specialized profession and offers opportunity to stay current by continuing educational programs.

Clearly, there is a need for Education Master Level and Fifth-year Alternative degree programs to prepare candidates to become highly effective and exemplary teachers and teacher leaders.
Secondary Education Admission Requirements

- Applicants for the Master’s degree certification programs must be admitted to the School of Graduate Studies and to Teacher Education.

- Admission to Teacher Education requires the applicant to:
(1) Present evidence of having completed a Baccalaureate degree program in a teaching field,

(2) Present a copy of a Class B professional educator’s Certificate (regular Master’s program); and

(3) Present transcript(s) showing a baccalaureate degree grade point average of 2.50 or better (on a 4.00 point system).
Master’s Degree in Instructional Leadership

- Applicants for the Master’s degree in Instructional Leadership must have a minimum of three full years of full-time experience in a P–12 setting.

- This program is mainly for teachers who desire to become school administrators.

- Applicants must satisfy Graduate School and Instructional Leadership “state redesign” program admission requirements.
The Alternative 5th Year program is for individuals who do not hold a baccalaureate degree in a teaching field but wish to obtain teacher certification.

This program enables individuals to acquire the knowledge and skills of an entry-level teacher while at the same time earning a Master’s degree.
Applicants for the Alternative Master’s (5th year) degree program must be admitted to the School Graduate Studies and to Teacher Education.

In addition to the requirements of the Graduate School, admission to Teacher Education requires that the applicant:
Provide timely submission of an application for admission to Teacher Education

Pass a criminal background check

Passing score on all parts of the Alabama Prospective Teacher Test (APTT); and
(1) complete all undergraduate deficiencies
(2) pass speech, language and hearing screening
(3) Have a TB skin test with a negative result
(4) pass all parts of the Alabama Prospective Teacher Test, and
(5) pass Praxis II exams in the appropriate areas.

Course Descriptions

- May be found on our website.
According to the U.S. Bureau of Labor Statistics and Occupational Outlook HANDBOOK 2010–11, EMPLOYMENT OF Secondary education teachers is expected to increase nationally from 8.7 to 8.9 percent between 2008 and 2018.
Conclusion

- Job opportunities should be excellent due to a large number of expected retirements and fewer applicants for some positions.

- Administrative positions are expected to increase about 8 percent.

In conclusion, if these programs interest you, there is no better place than Alabama A & M.

- Lastly, I’d like to give you the secret to successfully being admitted and completing your program.
