**Kenneth Maddox, Director**
Office of Residential Life and Housing

**AAMU Residential Life and Housing Mission & Vision:**

**Mission**
The Office of Residential Life and Housing supports the academic mission of Alabama Agricultural and Mechanical University by combining great accommodations with a quality living and learning environment that nurtures and support personal development, leadership, growth, and knowledge.

**Vision**
To create the ultimate inclusive residential life experience that maintains the university traditions while beckoning futuristic ideologies.

**People to know (Housing Staff)**

**Residence Hall Director (RHD):** Residence Hall Directors are full-time professional staff members with advanced degrees that work within the hall, supervising the daily hall operation. RHD’s facilitate the day to day happenings in the Residence Halls. They manage both RA’s and Support Staff, and advise Hall Council. Their offices are located in the residence hall.

**Resident Assistant (RA):** RA’s are student staff members that work closely with the residents in their halls. They are part of the campus residence life team. They are selected upper-class students assigned to individual floors. RA’s are chosen to provide leadership and assistance to the residents of the hall. Duties include providing programming within the hall, security of the building, and working “duty” and desk hours.

**Support Staff:** Support Staff are full and part time professional staff members that help with the daily operation of the halls. They work at the residence hall front desk and monitor the safety and security of the hall and facilitate a comfortable living environment.
COMMUNITY LIVING

LIVING ON CAMPUS
Residential life is campus life. It encompasses all aspects of living in a community with people who share a common purpose. It’s about all experiences outside of the classroom. The idea of residential life describes the intentional way that all out-of-class experiences on a residential campus advance the idea of a meaningful education.

AAMU’s residential communities promote individual responsibility and accountability. The development of a community within a diverse world requires that individuals respect and learn from one another. Members of the community come to know each other and are accountable to them, creating safe and comfortable living environments supportive of the mission of Alabama A&M.

AAMU’s residential communities include the following:

ADJUSTING TO COMMUNITY LIFE
Sharing a room with another student can be one of the most rewarding and enjoyable aspects of a college experience. The opportunity to become close friends with someone new, who has a different background and different ideas, provides a tremendous learning experience.

There is always an initial adjustment period between roommates. To make this adjustment easier, you should sit down with your roommate(s) during the first few days and discuss the following items:

♦ Study habits
♦ Guests
♦ Noise
♦ Cellular phone use
♦ Use of other’s personal property and food
♦ Work and study schedules
♦ Visitation
♦ Cleaning the room and/or suite and bathroom
♦ Use of stereo and TV
♦ Time for fun
♦ Space for clothing, luggage and personal storage
♦ Bathroom schedule (Knight and Foster)

BELONGINGS
Find out your roommate's feelings about lending his or her belongings to other people - including you. These can include items such as clothes, money, hair dryers, stereos, cars, etc. Some roommates do not mind lending personal items to their roommate(s) but will not lend to other people. Find out. Let your roommate(s) know your feelings.

CLEANING
It is a good idea to divide all the cleaning responsibilities. Make an agreement as to who cleans what and when. If someone is not doing his or her part, do not wait around or write notes complaining. Talk with each other. Do not create hard feelings and increase problems; work at solving them before they grow into bigger problems.

COMMUNICATION
Always strive to keep the lines of communication open between you and your roommate(s). If something about the living situation is bothering you, chances are good it’s bothering your roommate, so talk about it.
COMMUNITY BILL OF RIGHTS
The community bill of rights is a reminder to you of your rights as an individual and your responsibility to your fellow community members:

1. The right to read and study free from undue interference in one's room. Unreasonable noise and other distractions inhibit the exercise of this right.

2. The right to sleep without undue disturbance from noise, guests of a roommate or suitemates, etc.

3. The right to privacy.

4. The right to host guests with the expectation that guests are to respect the rights of the host.

5. The right for redress of grievances. Residence life staff members are available for assistance in settling conflicts and negotiating differences.

6. The right to be free from fear of intimidation, physical and emotional harm.

7. The right to expect reasonable cooperation in the use of "room-shared" amenities such as a cable television, a commitment to honor agreed-upon living standards such as payment schedules.

8. The right to expect reasonable cooperation in the cleaning of rooms, apartments and bathrooms.

9. The right to be free from peer pressure or ridicule regarding one's beliefs, interests and behavior.

GUESTS
Make specific agreements about the times visitors will be welcome and about entertaining guests. Always consider your roommate's side of the situation, particularly when she or he has a heavy load of exams or papers. After you have established some guidelines, with which you both can live comfortably, agree to discuss this issue again any time either of you has a concern.

You need to be flexible. Be assertive and communicate your needs. Remember, your hall staff is available to help you work out differences.

PERSONAL SAFETY
Here are some important tips to protect you in the halls, around campus or in town.

In the Halls:

♦ Always lock your door. When you leave to keep valuables safe and when you sleep to keep yourself safe.
♦ Know the emergency evacuation procedures for your building; be familiar with the location of fire extinguishers and emergency exits.
♦ Follow health and safety regulations listed in your “Guide to Campus Living.”
♦ Do not prop doors open; if you can get in through a propped door, so can an intruder.
♦ Look out the peephole before you open the door.

Around Campus or in Town:

♦ Avoid walking alone at night; take a friend if you must go out.
♦ Look alert; eliminate a potential attacker’s element of surprise.
♦ Carry your keys in your hand- this helps avoid fumbling in the dark.
♦ Vary your daily patterns; some attackers stalk strike. Keep them confused.
♦ Pay attention to your surroundings! What is the best lighted route? Where can you run for help if necessary?
If you are Attacked:
♦ Keep your wits about you. Sometimes struggling can save you; sometimes it can antagonize the attacker.
♦ Consider passive resistance. Try talking to your attacker in a calm manner.
♦ Report any attack to Public Safety and residence hall staff immediately.
♦ Seek medical attention if necessary.

PRIVATE ROOMS
Permanent private rooms are available on a limited basis only upon request. When assigned to one of these rooms, you will automatically be charged the “private room fee” until such time you request to be moved, or fail to reapply to this room. During your stay in this room, you will not receive a roommate. This will be considered your permanent assignment.

When a space becomes available in your room or apartment, or as space allows, you may purchase a double room as a private and you will be charged the private room fee for the semester. If there is an empty space in your current room/suite, you may decline to pay the private room guarantee fee. At this point, you are indicating you are willing to accept another roommate assigned by the Office of Residential Life and Housing. A roommate may be assigned at any time during the semester.

If you choose to have a roommate assigned, it is your responsibility to keep the other side of the room prepared for possible occupancy. This means clothing or personal belongings may not be placed upon or stored in space provided for a second roommate. Your failure to comply will result in both a private room charge being assessed and possible disciplinary charges.

RESPECT
Spend some time with your roommate(s) so that you can get to know one another better. This will assist you if problems arise later. Find out your common interests and build on them. Respect your roommate. He or she is an individual. Remember, not everyone is alike or does things the same way.

Make other friends and get involved in some activities that are interesting and pertinent to you. Do not depend on your roommate(s) to fulfill your every emotional and social need.

Realize you are "sharing." If one person tries to make things conform to her or his own style, it could cause bad feelings and antagonistic attitudes. Think of your roommate(s) and yourself as a household, and set up conditions comfortable for everyone.

RESIDENTIAL LIFE STAFFING
The campus residence halls/complexes include Knight and Foster Complexes, Terry, Councill, Thomas, Palmer, Thigpen, Hopkins, Grayson, Morris and Stephens Halls. Each building is managed by Professional, Support, and student staff.

The staff member with whom you will have the most direct contact is the resident assistant, or RA. This person lives on your floor or on a nearby floor and is available to assist you with residence hall or suite-style living, and serves as an informational resource to Alabama A&M. The RA also ensures that community living standards are maintained, and works with all residents to plan informative and enjoyable activities.

Each residence hall is supervised directly by a Professional Full-Time residence hall director (RHD). RHDs coordinate the administrative and community activities of a specific residence hall.

ROOM CHANGES
As a resident, you will have several opportunities to move from your current room to another room in your same residence hall or to another hall/apartment:
**IN-HALL ROOM CHANGES**
You may request an in-hall room change by contacting your residence hall director (RHD) at the beginning of each semester. Watch for posted times, which are usually the first week of classes. *You may request a room change only during the times posted, at the beginning of each semester.*

**MEDIATION CHANGES**
While learning to live with differences is an important aspect of college life, we realize that sometimes needs and personalities are just too different. We also realize you may form friendships that result in a desire to change room or suitemates. If you really try and things just aren't working out, let your RHD know. He/she will work with you and your roommates through a Roommate Mediation Workshop.

All room and hall changes MUST be approved in advance by the appropriate housing staff. Violators will be subject to an improper check-out charge and possible disciplinary action.

**STAFF OFFICE**
Located in the lobby of each residence hall/complex, the Staff Office is the place to:
- report maintenance needs
- request assistance with your housing assignment
- receive assistance when locked out of your residence.
- ask for assistance regarding residence life concerns

Staff Offices are manned 24 hours/7 days a week.

**PROGRAMMING ACTIVITIES**

**EMPLOYMENT**
The Residential Life and Housing office offers two main employment opportunities for students. During the year, we employ resident assistants and office assistants. These are all great ways to get involved in the residence halls and to make some extra money. If you are interested, contact our office for more information.

**GETTING INVOLVED**
There are all types of activities in and around the residence halls. All residents are encouraged to participate in various social activities, decision making and leadership opportunities. We want students to be involved in the halls and invest time and energy into making it a better place to live. So do not just sit there – get involved!

**PROGRAMMING**
The Residential Life staff, along with your Inter-Residence Hall Council (IRHC) will be offering programs and activities for your floor and hall throughout the year. Using a “Wellness Wheel” approach guides the planning of these programs to ensure a wide variety of activities.

The theory behind the “BULLDOG Programming Model” is that there are seven (7) components that combine to make up a “balanced” or “well-rounded” being. These are:

- Building Relationships (Social)
- Understanding Wellness (Physical)
- Learning Spirituality (Spiritual)
- Leadership (Intellectual)
- Development (Emotional)
- Open-Mindedness (Diversity)
- Growth (Occupational)
One of the goals is to increase your awareness of each of these components and to provide opportunities for you to enhance your development in each area. Professional and student staff members of the Office of Residential Life and Housing have the responsibility of helping students develop. Another goal is to provide you with opportunities to learn outside the classroom, and feel more comfortable in your community. We hope you get involved by either helping to plan or by attending these events. If you have a great idea for a program, want to help, or just want to know when the next program is, become an active member of your IRHC or a Residence Life staff member.

**INTER-RESIDENCE HALL COUNCIL**

The Inter-Residence Hall Council (IRHC) is a group that needs “go-getters.” The IRHC brings together students from all halls who want to make a difference in their residence hall living experience. This group will keep themselves busy planning and organizing activities and events. In addition, the IRHC will be asked for their input on issues by the Office of Residential Life and Housing on issues such as policy review and residence hall renovations. IRHC is a great way to get out of your own hall and meet other students on campus.

Each residence hall elects a Hall Council at the beginning of each academic year. Any resident of a hall may run for any office in the hall in which they reside. Residence Hall Directors serve as the advisor to the Hall Council. Hall governments reflect the interest and concerns of residents by planning and implementing social and educational programs. Volunteers are always needed to help hall governments plan and implement programs to benefit the residents. Anyone interested in running or assisting with Hall Council please see your Residence Hall Director.

**RESIDENCE SERVICES**

**BREAK PERIODS**

All halls will close for Winter and Spring Breaks. Residents must vacate the hall by the posted closing times. Students are not required to remove all items out of their room for the breaks; although it is suggested they remove all items deemed valuable. Students are required to relinquish their key during break periods. Students are able to retrieve their key when they return from break.

**CABLE TELEVISION AND CAMPUS CHANNEL**

Each room and suite is wired for cable TV. A cable jack is located in each room. To access the cable television, students must bring a cable-ready television and coax cable cord. Student will be able to connect to the cable jack and program the television.

Additionally, residents have access to the A&M CAMPUS CHANNELS—CHANNELS 2, 21, and 78. CHANNEL 2 shows first run feature movies. When movies are not being shown, residents are provided information via a bulletin board format. Information provided focuses on University events, activities, deadlines and other announcements.

**CUSTODIANS/HOUSINGKEEPING**

Each weekday custodians will clean all hallways, public lounge areas, stairwells, vending and laundry facilities of each residence hall/complex. The cleaning and the supply of cleaning materials for room and suite-style living areas and the proper disposal of garbage are the responsibilities of the individual residents.

The residents of each room will be held responsible for their room/suite. This includes cleanliness, general housekeeping practices and general appearances. Do not leave your trash out overnight, because it creates a fire hazard and is a violation of the residence hall code of conduct. Residents must take all trash and boxes directly down to the dumpsters located adjacent to buildings. If you reside in one of the complexes, you may use the trash chutes.

**INTERIM HOUSING**

Interim housing is only available for students who are required to remain on campus due to their academic or athletic obligations to A&M (i.e. Student Teachers, Co-Op Participants, winter and spring sports, and others.). If you believe you
are eligible for Interim Housing, please have your program/group leader contact the Office of Residential Life and Housing for approval.

For safety and security reasons, during holiday and spring recess interim periods, all resident keys are collected, and all exterior residence hall doors are locked. Lobby and laundry facilities also are secured.

**IN-ROOM INTERNET ACCESS (ResNet)**
Alabama A&M University is a wireless community. Each residence hall is equipped with wireless internet access. Please make sure your laptop and/or desktop is capable of receiving a wireless signal. For information regarding connection to the internet, please visit IT Services, or click go to [http://www.aamu.edu/administrativeoffices/information-technology/ITSservices/Pages/Wireless-Network-and-Services.aspx](http://www.aamu.edu/administrativeoffices/information-technology/ITSservices/Pages/Wireless-Network-and-Services.aspx).

**LAUNDRY MACHINES**
Washers and dryers are located in each residence hall/complex for residents only. For the protection of your personal belongings, do not leave them unattended. Problems and/or requests for refunds with laundry equipment should be reported to the Residence Hall Director.

**MAINTENANCE**
The Alabama A&M University Office of Physical Facilities schedules and completes repairs as needed. Problems in your room/suite or problems that you observe in public areas should be reported to the staff office; located in your lobby. In the event of an emergency repair and no one is in the staff office, please contact the department of Public Safety at ext 5555. When repair needs are reported to the office, a maintenance work order is submitted to Physical Facilities. The maintenance requests are prioritized and scheduled by the Physical Facilities office. Most repairs are completed within three working days. If you have a question about the status of your repair request, contact your Residence Hall Director. While every attempt is made to respect your privacy, by reporting a maintenance need in your room or suite, you are authorizing access by Physical Facilities staff during the business hours of 9 a.m. - 5 p.m. (Monday through Friday). Please plan accordingly. Emergencies may require access to your room after normal business hours.

**PEST CONTROL**
Pest control problems should be reported to your staff office. All rooms and suites are sprayed for pests as problems are reported.

**VENDING MACHINES**
Carbonated beverages, water and snack machines are located in all residence hall lobbies or laundry areas. Problems or requests for refunds should be reported to the vendor utilizing the contact information found on the machine. The vendors will process reimbursement with the Residence Hall Director. It is the resident’s responsibility to pick up the refund.

Residence life staff reserves the right to check your room/suite to ensure proper health and safety standards are maintained by all occupants.

Rooms will be rechecked until the situation is resolved. Prohibited items found in rooms will be confiscated. Confiscated items may be picked up from the building Hall Director for permanent removal from the hall. Policy violations found during a Health and Safety inspection may also result in a judicial sanction.

As a result, it is the department's policy to not discriminate with regards to gender, sexual orientation, religious belief, interests, and race when pertaining to housing assignment/reassignment, staffing, and residence education assistance.

**DISCIPLINE PROCESS**
The Residence Life staff is committed to providing a safe and comfortable environment for all students. When a student violates one of the policies designed to ensure the safety and comfort of others, the student will be held responsible for his/her actions through the discipline process. This process is designed to be fair, uphold student's rights, and to be as educative a process as possible. The disciplinary process usually begins with a student misconduct report.

Misconduct reports are used by hall staff to document, in writing, an incident that occurs in and around the residence halls/complexes. Usually these incidents are policy or regulation violations that have occurred. They are generally used by hall staff to communicate the facts of an incident to the offices of Residential Life and Housing and Judicial Affairs in order to ensure the appropriate action is taken. Misconduct reports can be used to take down facts about a theft or unusual happenings in the hall/complex to keep the hall staff informed. If you are named on an incident report, you may be asked to talk with your Residence Hall Director or the Judicial Affairs officer. If you are found to be responsible for the violation of a policy or regulation, you will be subject to disciplinary action.

For more information regarding the discipline process, see Judicial Affairs.

**EARTHQUAKES**
In the event that an earthquake is predicted which may impact the Alabama A&M campus and neighboring community, please be aware of the following tips.

**Before an Earthquake Occurs:**
1. Keep on hand a flashlight if possible, and a portable radio; both with fresh batteries.

2. Place large and heavy objects on lower shelves. Bottled goods, glass and other breakables also should not be stored in high places or left where they can slide freely on shelves.

3. Remove heavy picture frames, mirrors and other heavy objects over the bed or desk.

**During an Earthquake:**
1. First and foremost, stay calm. Think through the consequences of any action you take.

2. If you are outdoors, stay outdoors; if you are indoors, stay indoors. Most injuries during quakes occur as people are entering or leaving buildings.

3. If you are indoors, take cover under a heavy desk or table, or in doorways, halls, or against inside walls. Stay away from glass.

4. If you are outdoors, move away from buildings and utility wire. The greatest danger comes from falling debris just outside of doorways or outer walls. Once in the open, stay there until the shaking stops.

5. If you are in a moving car, stop as soon as you can, but stay in your car. A car may jiggle violently on its springs, but it is a good place to stay until the shaking stops. When you drive on, watch for hazards created by
the quake. Some of these hazards include fallen or falling objects, downed electrical wires or broken or undermined roadways.

**After an Earthquake:**
1. Be prepared for additional earthquake shocks called "aftershocks." Although most of these are smaller than the main shock, some may be large enough to cause additional damage.

2. If in a car, when you drive on, watch for hazards created by the quake. Some of these hazards include fallen or falling objects, downed electrical wires or broken or undermined roadways.

3. Stay out of severely damaged buildings. Aftershocks can shake them down. University officials and hall staff will inform you when it is safe to reenter the building.

4. Check for injuries. Don't attempt to move seriously injured persons unless they are in immediate danger of further injury.

5. Don't smoke. Gas leaks could make a cigarette your last.

6. Don't use candles, matches or other open flames because of possible gas leaks. Douse all fires. Don't turn on the lights.

**OTHER EMERGENCIES**
Students requiring emergency assistance should contact the Department of Public Safety. Emergencies requiring immediate assistance may include:
1. fire
2. theft
3. assault or attempted assault
4. health-related emergencies
5. other

**ENROLLMENT**
Students residing in University housing must be enrolled as a full-time student for the semester in which they live in the residence halls/complexes. All exceptions must be submitted in writing and approved in advance by the director of Residential Life and Housing.

**FIRE DRILL**
The residence hall staff plan and conduct fire drills each semester to acquaint residents with the proper evacuation procedures in case of an actual fire emergency. All students must participate in fire drills.

When you have been alerted by the alarm, shouted a warning, or have received the sensation of smoke or fire keep these tips in mind:

1. If there is smoke in the room, keep low to the floor.

2. Before passing through any door, feel the door. If it is hot, do not open the door.

3. Before opening a door, brace yourself against the door and open it slightly. If heat or smoke is present, close the door and stay in the room.
4. If you can proceed, safely evacuate the building promptly.

5. If you are trapped and cannot leave the room, open the window and hang an object out from the window to attract the fire department's attention. Do not attempt to jump from the window! If there is a phone in your room, call Public Safety and report you are trapped; give the room number and specific location.

6. If you can leave a room, close all doors behind you as you exit.

7. Go to the nearest exit or stairwell.

8. If the nearest exit is blocked by fire, heat or smoke, go to an alternate exit.

9. If all exits from a floor are blocked, go back to your room, open the windows, wave something out the window and shout for help.

10. After evacuating a building, move well away from it and report to your pre-determined emergency evacuation location, take a roll call, and await further instruction. Emergency personnel will be maneuvering around the building.

11. Follow the directions of fire, police, and hall personnel.

FIRE and SAFETY EQUIPMENT
Tampering with fire and safety equipment in the residence halls or in any campus building is prohibited. Guest must also obtain a visitors parking permit to park on campus.

When will I find out who my roommate is?
We mail room assignments and roommate information around June 30th for those applying for an academic year assignment and the second week in December for those applying for a spring semester assignment.

Can I have a private room?
Yes and no; regrettably space is limited. Private rooms are awarded based on available space in traditional halls.

Do I have to be on a University meal plan?
All students residing in on campus housing is required to participate in the meal plan.

When can I move into my residence hall?
Information will be sent to you in advance of the start of each semester for which you have a room assignment.

What if I decide to move off campus during the academic year?
There is not one answer to this question. Please read your housing/license agreement carefully. It contains important information. Once signed and returned to our office, it is binding for the entire academic year.

When do I have to be in my room at night?
There is no curfew. You may come and go as you please, although certain outside doors are locked at specified hours. Please carry your keys with you at all times.

Who will clean my room?
Although custodial workers are employed in all residence halls/complexes to keep all public areas and public/community bathrooms clean, you are expected to clean your own room and bathrooms.

During university recesses, may I stay in my residence hall?
No...students must check out of their residence hall during the university recognized recesses of winter and spring.

May I remain in the residence halls if I withdraw from school?
No. Due to the demand for on-campus space, you must be enrolled to be eligible to live on campus. If you withdraw from school, you must check out of your room immediately. Complete an Intent to Vacate form and submit your key to your Residence Hall director.

If I should change my address, who do I need to notify?
Always be sure to update and address changes with the Office of Admissions, Registrar’s, and the Office of Residential Life and Housing.

May I bring a space heater or air conditioner?
No. These appliances are not allowed in the residence halls due to the potential for overload of the electrical system and the potential of fire. Fans, however, are permitted if they plug directly into the wall outlet.

**Are my personal belongings insured by the University?**
No. The University does not assume responsibility at any time for the private property of its students and is not liable for the loss or damage of any article for personal property anywhere on the premises. You or your parents are encouraged to carry appropriate insurance to cover your personal belongings.

**May I store my belongings in my room during the summer months?**
No. Because the residence halls are used for summer school, camps/conferences, and under renovations during the summer months, students are not allowed to store any belongings or property on campus during the summer.

**Am I allowed to personalize my room?**
Yes. Personalization should occur after you have moved on campus and within the guidelines set by the Office of Residential Life and Housing.

**How do I protect my personal belongings from damage/theft?**
We encourage everyone to be covered under your parents homeowners policy or obtain renters insurance. You need to check your current policy to see if you are covered.
