5. Will this project start before or after the 2023 baseball season ? (wondering how long I need to lock in the fencing material cost). **This project will take place during the baseball season**
6. I saw there is an existing electrical wire feeding the batting cages, this wire is running exposed on the existing wooden fence. Once the new chain link fencing is installed the existing wiring will need to be relocated (underground in conduit). This must be done by a licensed electrical contractor. Should we include this cost in our bid or will there be another allowance to cover this work? **No, this is not a part of the scope of this project.**
