## E&I HAS SOLUTIONS

E&I Cooperative Services is the only member-owned, not-for-profit purchasing cooperative serving the needs of education. We are proud to present you with an extensive portfolio of competitively awarded contracts to help you save on your scientific purchases. The best part is, we provide much more than cost savings. As an E&I member, you'll save a considerable amount of time by allowing us to handle the RFP process for you. In fact, we take care of the ENTIRE contracting process – including research, RFP development, and contract management – so you don't have to. This means your staff can concentrate on other, more strategic priorities. [Our RFP process](#) has been [validated](#) by the National Institute of Governmental Purchasing (NIGP) as being in compliance with generally accepted procurement standards, so you've got nothing to worry about.

Have any questions about our portfolio, or suggestions for a contract/category we should explore? We'd love to hear from you. Feel free to reach out to us and let us know what you're thinking. Or volunteer to serve on our [Scientific Committee](#). Member involvement is the core of our success!
