Dr. Zhengtao Deng, *Dean*

College of Engineering, Technology & Physical Sciences

Dr. Paul Bryant

Vice President & Director of Athletics

Star-Spangled Banner

O say can you see, by the dawn's early light,

What so proudly we hail'd at the twilight's last gleaming,

Whose broad stripes and bright stars through the perilous fight

O'er the ramparts we watch'd were so gallantly streaming?

And the rocket's red glare, the bomb bursting in air,

Gave proof through the night that our flag was still there,

O say does that star-spangled banner yet wave

O'er the land of the free and the home of the brave?

Francis Scott Key

AAMU Alumni Association Senior Award

Mr. Michael Miller, *President*

AAMU National Alumni Association

Honda Campus All-Star Challenge Team

Dr. Braque Talley

"Anchor & Star" - John Philip Sousa

The University Hymn

Alabama A&M

Rich in Heritage divine

Bless'd by the life of Council brave

Who gave his all that thou might'st shine.

Chorus

Alma Mater, blest be thy name.

Long live thy fame; long live thy fame!

Many thy brave and loyal sons

Sent from thy shrine on Normal's Hill

Filled with a zeal for tasks well done

Anxious thy mandates to fulfill.

Chorus

Alma Mater, blest be thy name.

Long live thy fame; long live thy fame!

Long may you live to bless the world

For right and justice take a stand

As from your rocky heights you view

Your children's work throughout the land.

Chorus

Alma Mater, blest be thy name.

Long live thy fame; long live thy fame!

Joseph F. Drake—Lyricist

Henry Bradford, Jr.—Composer

Outstanding
COLLEGE SCHOLARS
The Pinnacle of Bulldog Excellence
2025-2026

Outstanding COLLEGE SCHOLARS 2025-2026

Outstanding Scholars are exceptional students, of Senior standing, selected by the four academic colleges: College of Agricultural, Life and Natural Sciences; College of Business and Public Affairs; College of Education, Humanities, and Behavioral Sciences; and the College of Engineering, Technology, and Physical Sciences. University Athletics selects an

outstanding senior that has not only exhibited exemplary accomplishments on the field, court, or track, but in the classroom as well. Recipients are selected based on grade point average, pre-professional engagement activities, extracurricular activities, and service-related contributions. Outstanding Scholar is the highest academic distinction any student can achieve.

McKinley Dunford

*College of Agricultural, Life, and
Natural Sciences*

Growing up in Madison, Alabama, with the steady support of her parents Bryan and Kyla Harris, McKinley Dunford is a dedicated Environmental Science major who exemplifies academic excellence and a passion for environmental stewardship. Maintaining an impressive 3.92 GPA, she is actively involved in the Environmental Science Club and Wildlife Club, where she deepens her commitment to sustainability and conservation. Her academic achievements have earned her the 2025 Environmental Justice Scholarship for Women, recognition as a DEFEND Scholar, and selection as a NASA DEAP Scholar. Her accolades reflect not only her academic excellence, but also her dedication to meaningful and impactful environmental research.

McKinley aspires to continue her work in plant and soil research, with plans to contribute her expertise at the Winfred Thomas Agricultural Research Station. Through her continued research and service, she seeks to promote sustainable agricultural practices and environmental equity, positioning herself as a future leader in environmental science and agricultural innovation.

“I would like to thank my family and my husband for supporting me on my academic journey and career goals. Throughout my academic career at Alabama A&M, I have had several professors and advisors I would like to thank for their guidance and advice. Your support and encouragement have led me pursue my academic and professional career..”

- McKinley Dunford

Emilio Angel Gallon

College of Business and Public Affairs

From Medley, Florida, where his parents German Angel and Gloria Gallon poured everything into him, Emilio Angel arrived at Alabama A&M University with a clear vision and the work ethic to match. He will be receiving a Bachelor of Science in Finance with a minor in Computer Science while maintaining a top notch 4.0 GPA. A Presidential Scholar and two-time Presidential Medallion recipient, Emilio has consistently demonstrated academic excellence. His academic foundation spans Financial Markets, Investments, International Finance, and much more, reflecting his commitment to integrating finance with technology. He has further distinguished himself by passing the Securities Industry Essentials (SIE) exam and earning certifications in Bloomberg Market Concepts and advanced financial modeling, positioning himself as a highly prepared and technically skilled emerging finance professional.

Beyond the classroom, Emilio's leadership and professional impact are equally remarkable. As a Global Markets COO Summer Analyst at Bank of America, he supported regulatory operations, automated compliance reporting processes, and contributed to cost-saving initiatives exceeding \$500,000 annually. He also served as a Tax Intern at Aprio, LLP, preparing complex tax returns for high-asset clients.

On campus, Emilio is the President and Co-Founder of the Finance Club, where he has led workshops, case competitions, and professional development initiatives that have supported over 150 students. Through his service as a Student Ambassador for financial education initiatives and his success in national competitions, Emilio exemplifies leadership, innovation, and a commitment to uplifting his community through financial

"I am incredibly honored to receive this recognition and grateful to everyone who supported me along the way. My family, although still back home, has always been my greatest source of encouragement, supporting me through every high and low and believing in the opportunities education can create. I'm also thankful for my friends and classmates who constantly challenged me, shared ideas, and made the journey both rewarding and memorable. I'm especially grateful to my professors and mentors for their guidance, particularly Dr. Shen, who took me under her wing and has had a lasting impact on both my academic development and personal growth. This award reflects not only my efforts, but also the support of an incredible community around me."

- Emilio Angel Gallon

empowerment. Emilio has received a job offer from the Bank of America in the Global Training Department and gained admission to Columbia University in the MS of Applied Analytics Program from the School of Professional Studies.

Taylor Hunter

*College of Education, Humanities,
and Behavioral Sciences*

Born and raised in Memphis, Tennessee to parents Dr. Vincent and Tracy Hunter, Taylor Hunter has brought nothing short of excellence to Alabama A&M University. She is completing her Bachelor of Arts in English with a concentration in Secondary Education — and doing so with a perfect 4.0 GPA that speaks volumes about both her discipline and her love for learning. A Presidential Scholar and Dean’s List honoree, Taylor has earned numerous academic distinctions, including the Freshman President’s Award, the Advanced Writing for English Majors Top Student Award, the Survey of American Literature Top Student Award, and the English and Modern Language Department’s Merit Award. A 4-year scholar in the University’s Honors Program, Taylor serves as President of both the English Club and the Beta Nu Chapter of Sigma Tau Delta, a National English Honor Society. Her scholarly excellence is complemented by her involvement in the Student Activities Board, and the Delta Delta Chapter of Delta Sigma Theta Sorority, Inc., reflecting her commitment to service, sisterhood, and campus engagement.

Beyond her academic accomplishments, Taylor has distinguished herself as an emerging educator and advocate for educational equity. As a Teaching Fellow with Breakthrough Collaborative in Fort Worth, Texas, she delivered rigorous instruction in reading and college readiness, led a ninth-grade team, chaired the College Committee, and contributed to measurable gains in student achievement.

Taylor has been recognized as a Proficient-Level Teaching Fellow and a Teach for America Candidate. She aspires to return home to Memphis to serve as an educator in under-resourced communities. Her long-term goal is to provide culturally responsive, high-expectation instruction that strengthens literacy, critical thinking, and student confidence.

“I am very honored to have been selected as the Outstanding Scholar for CEHBS. As a future Black educator, this recognition means so much to me because it represents not only my hard work, but also my commitment to using education as a tool for impact and opportunity. I am deeply grateful to the professors and mentors who have challenged, supported, and believed in me throughout this journey. This award motivates me to continue pursuing excellence and to give back to the communities that shaped me. I hope to carry this honor forward as I work to uplift and empower the next generation. I was always taught to fear mediocrity and to strive above average, and I hope to instill that same mindset in the students I serve.”

- Taylor Hunter

Driven by a belief in bridging the gap between the “haves” and the “have nots,” Taylor embodies excellence, transformative leadership, and an unwavering devotion to empowering the next generation.

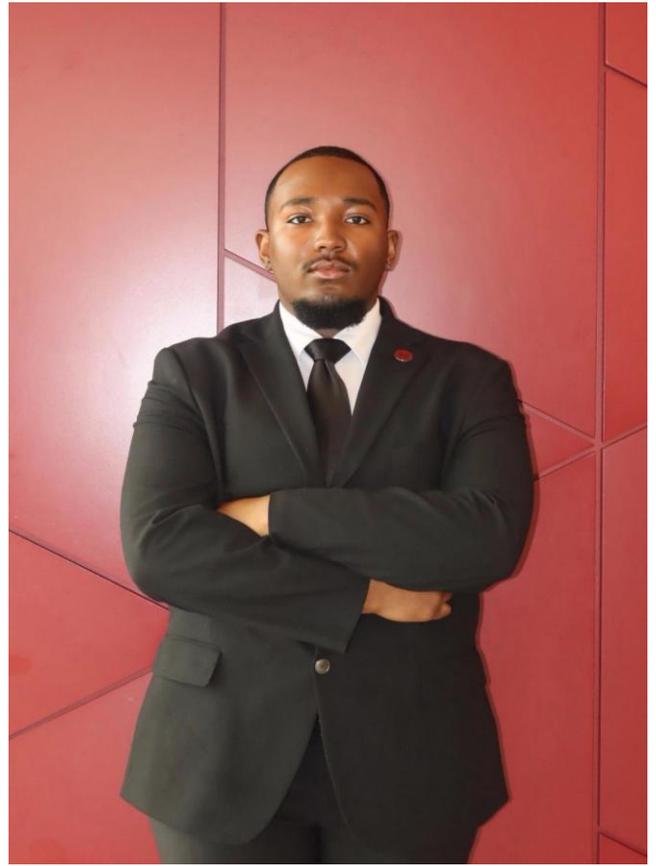

Terry Dukes

College of Engineering, Technology,
and Physical Sciences

Raised by his mother, Tiffany Rodgers and grandparents, Luveina & Leo Rodgers, in Camden, Alabama, a small southern town where big dreams take root, Terry Dukes carries with him a quiet determination that has defined every chapter of his journey at Alabama A&M University. He is completing his Bachelor of Science in Computer Science with a concentration in Cybersecurity, graduating with a 3.94 GPA that reflects not just intelligence, but genuine dedication to his craft.

A Presidential Scholar and three-time recipient of the President's Gold Medallion, Terry has spent his undergraduate years proving that excellence and humility can coexist. As Executive President of the University's Honors Program and an active member of the Honda Campus All-Star Challenge Team (Co-Captain), NAACP Bulldog Chapter, IEEE, and the University Echo Student Ambassadors, he has always understood that leadership is about service first. His recognition as a Gates Scholar, Amazon Future Engineer Scholar, and Honors Program Executive Luminary Award recipient further speaks to a young man whose impact extends well beyond the classroom and far beyond what his hometown ever thought possible.

Professionally, Terry has had the rare ability to take what he has learned and apply it where it matters most. Through internships with Amazon, Caterpillar, and Cisco, he has built React and TypeScript applications, uncovered enterprise-level security vulnerabilities, and helped evaluate AI tools shaping the future of cloud computing. Each experience deepened his purpose and affirmed what his mother always knew, that he was destined to make his mark. After graduating in Spring 2026, Terry will continue through Alabama A&M's 4+1

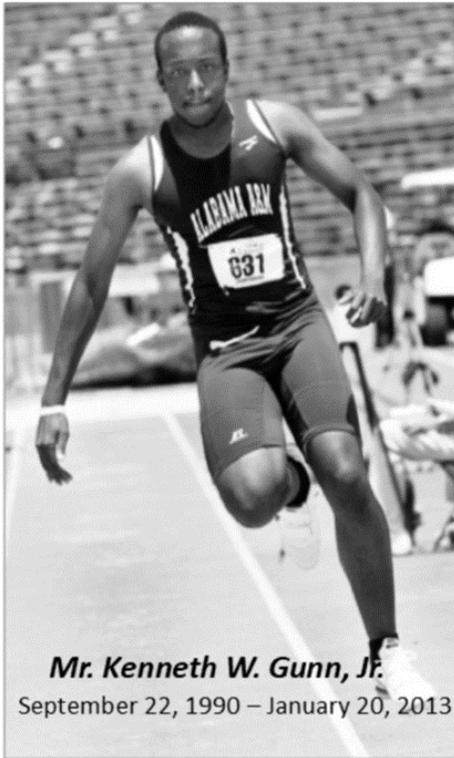

"I am deeply humbled and honored to be recognized for such an exceptional award. First and foremost, I give all honor to God, whose grace has carried me every step of this journey. To my family — thank you for your unwavering sacrifice, your belief in me, and for always being my foundation. To my professors and peers who pushed, encouraged, and walked alongside me, your presence made the hard days lighter. And to the Honors Program — my family away from home — thank you for being a place of belonging, growth, and excellence. This achievement belongs to all of you as well."

- Terry Dukes

Master's program while stepping into a full-time role with Cisco. His long-term vision is rooted in cybersecurity, vulnerability management, secure software development, and protecting the systems the world depends on. But perhaps more than anything, Terry is driven by a desire to open doors for those who come after him, ensuring that the next generation, especially the kids from Camden who may not yet see it for themselves, believes that excellence is possible for them too.

In Memoriam

Kenneth W. Gunn, Jr. was a native of Anchorage, Alaska who was offered a full academic scholarship and had nearly completed his degree at Alabama A&M University. A top flight Scholar athlete, Kenneth's impressive academic record earned him recognition from some of the most prestigious institutions in the country, including Yale University. He was on his way to becoming a successful

lawyer. Sadly, Kenneth passed away on January 20, 2013 and was unable to complete his season at Alabama A&M or realize his dream of attending law school.

In honor of his memory, the former Athletic Director, Mr. Bicks, renamed the traditional Outstanding Scholar Athlete Award, the Kenneth Gunn Outstanding Scholar Athlete Award.

Kenneth Gunn
OUTSTANDING
SCHOLAR ATHLETE
2025-2026

“It is an honor to receive the Outstanding Scholar-Athlete Award, as it reflects the discipline and commitment it takes to pursue excellence both in the classroom and in competition. Thank you to Alabama A&M University for providing an environment that has challenged me to grow, lead, and strive for excellence. I am grateful to my parents, coaches, sister, professors, and teammates who have continually supported and poured into me every step of the way. Most importantly, I thank God for His constant faithfulness throughout this journey.”

- Laila Gaynor

Laila Gaynor
Department of Athletics

From the city of Windsor Mill, Maryland, where her parents Sundia and Desiree Gaynor laid her foundation, Laila Gaynor arrived at Alabama A&M University ready to leave her mark in every lane she entered. A Psychology major with a minor in Human Development and Family Studies, she maintains an outstanding 3.98 GPA while competing as a sprinter on the AAMU Women’s Track and Field Team. Laila is a three-time SWAC 400-meter Gold Medalist and a two-time 4x400-meter relay SWAC Gold Medalist, earning recognition as Most Valuable Runner, along with the Coach’s Award and Bulldog Athletic Award. She also contributed to the Women’s Cross Country team’s third-place overall conference finish. Her academic achievements are equally impressive, including four-time Dean’s List and President’s Award honors, recognition as a Thurgood Marshall College Fund Scholar and Merit Scholar, and selection as both an HBCU SCI Research Fellow and MacArthur Payne Research Fellow. Laila is also an active 4-year scholar in the University’s Honors Program.

Beyond athletics and academics, Laila is deeply committed to leadership and service. She is an active member of the Honors Program, the American Psychological Association, the Psychology Club, Alpha Kappa Alpha Sorority, Inc., and an Xceleader Fellow.

With aspirations to earn a Ph.D. in Psychology, Laila plans to research the environmental and social factors contributing to the school-to-prison pipeline. Her long-term goal is to develop culturally responsive community interventions that foster resilience, opportunity, and justice for marginalized youth, bridging psychology with meaningful social change.

Honda Campus All-Star Challenge Team

2025-2026

Established in 1989, the Honda Campus All-Star Challenge (HCASC) is a national, premier trivia game for top students attending Historically Black College and Universities. The fast-paced buzzer competition highlights students' academic prowess and ability to answer questions about history, science, literature, religion, the arts, pop culture and more. The national competition is held in Los Angeles, California each year.

The Bulldog Team delivered a strong performance at this year's qualifying tournament in New Orleans, Louisiana. After finishing among the top two teams in the round-robin rounds within their respective rooms, the team advanced to the semifinals of the competition. Their impressive showing secured their place at the 37th National Championship, which will take place April 11-15, 2026, in Los Angeles, California.

Honda Campus All-Star Challenge (HCASC)

Varsity Team:

GeKhiya Brown (Captain), Terry Dukes (Co-Captain), Emmanuel Aina, and Christian Clark. Second-year player Tyler Newman is an alternate. Mrs. Carla Draper Holloway serves as the Campus Coordinator and Head Coach.

**** Please Note: Students enrolled in the following developmental/transitional courses are INELIGIBLE: Reading (EDU 010), Reading with Lab (EDU 010L), College Reading (EDU 011), Developmental English (ENG 010), Developmental Mathematics (MTH 010), Fundamentals of Mathematics (MTH 011), Intermediate Algebra (MTH 012), Modern Mathematics (MTH 013). Pass/Fail and Incomplete grades are not included. ****

Criteria for ACADEMIC HONORS

The 2026 Academic Honors Convocation presents award for achievements in the Spring 2025/Fall 2025 semesters. There are seven (7) award categories. For a brief award overview, review the following criteria for all award categories:

- ✓ Full-time enrollment (completion of 12 credit hours or more, at the University, in the awarding semesters);
- ✓ No enrollment in developmental/transitional courses in the Spring 2025 and/or Fall 2025 semesters, such as EDU 010, EDU 010L, EDU 011, ENG 010, MTH 010, MTH 011, MTH 012, and/or MTH 013;
- ✓ No grades below “C”. Pass/Fail and Incomplete grades are not included;
- ✓ Presidential medallion (Gold, Silver, Bronze) and Dean’s List categories require enrollment in BOTH Spring 2025 and Fall 2025 semesters;
- ✓ Freshman President’s list and Freshman Dean’s list require enrollment in the Fall 2025 semester only;
- ✓ With the exception of the Honor Roll (which is based on a student’s semester GPA in the Spring 2025 and/or Fall 2025), EVERY other award category is based on a student’s CUMULATIVE (not semester) GPA.
- ✓ Presidential Medallion categories (Gold, Silver, and Bronze) require sophomore standing (at least 31 credit hours earned) at the completion of the Spring 2025 and Fall 2025 semester. Courses must have been completed at the University.

PRESIDENT’S MEDALLION – Recipients for the following medallions (GOLD, SILVER, and BRONZE) must have completed a minimum of 31 cumulative credits at the university in both semesters, by the end of Spring 2025 AND Fall 2025, with at least sophomore standing for both semesters, enrolled full-time (students enrolled part-time are ineligible) in both semesters, in the regular academic program, and meet the requirements below.

- 4.0 Gold Medallion
 - Any undergraduate student who has a 4.0 cumulative grade point average with at least full-time status, in the regular academic program each semester (Spring 2025 and Fall 2025), with at least sophomore standing in Spring 2025 and Fall 2025, is eligible for this category. No grade below C, no enrollment in developmental/transitional courses.
- 3.8 – 3.99 Silver Medallion
 - Any undergraduate student who has a 3.8 – 3.99 cumulative grade point average with at least full-time status, in the regular academic program each semester (Spring 2025 and Fall 2025), with at least sophomore standing in Spring 2025 and Fall 2025, is eligible for this category. No grade below C, no enrollment in developmental/transitional courses.
- 3.7 – 3.79 Bronze President’s Medallion
 - Any undergraduate student who has a 3.7 – 3.79 cumulative grade point average with at least full-time status, in the regular academic program each semester (Spring 2025 and Fall 2025), with at least sophomore standing in Spring 2025 and Fall 2025, is eligible for this category. No grade below C, no enrollment in developmental/transitional courses.

FRESHMAN PRESIDENT’S AWARD – Recognition is given to any freshman student who obtains a 4.00 grade point average in their first semester of enrollment (Fall 2025) and completes at least full-time status, in the regular academic program, no enrollment in developmental/transitional courses.

DEAN’S LIST – Recognition is given to any undergraduate student who achieves an overall (cumulative) quality point average of 3.3 and above, for two consecutive semesters (Spring 2025 and Fall 2025), has earned no grade below “C”, enrolled in a minimum of 12 semester hours per semester in the regular academic program, no enrollment in developmental/transitional courses.

FRESHMAN DEAN’S LIST – Any Fall semester first-time freshman (Fall 2025), who achieves a grade point average of 3.3 and above, with full-time status, in the regular academic program, no enrollment in developmental/transitional courses, is eligible for the Freshman Dean’s List.

HONOR ROLL – Recognition is given to any undergraduate student who has attained a semester grade point average of 3.00 or better, has earned no grade below “C”, with full-time enrollment in the regular academic program, no enrollment in developmental/transitional courses. This is the only award category that recognizes semester achievement (semester GPA). Students can be eligible for the Spring 2025 and/or Fall 2025.

HONDA CAMPUS ALL-STAR CHALLENGE TEAM (HCASC)

Students are eligible to become a member of the team after competing in an on-campus competition event. The highest-scoring students are invited to try out for the team in a competitive challenge. Four students who successfully complete the on-campus competition, try-outs and regularly attend scheduled study sessions are eligible to be selected to the University's official Honda Campus All-Star Challenge Academic Team. High ranking in regional qualifying competition leads to team selection for the National Championship, held in Torrance, California annually.

OUTSTANDING SCHOLARS – Superior students, of graduating senior classification, selected by the four academic colleges and University Athletics, based on grade point average, pre-professional involvement, civic engagement activities, extracurricular activities, and service-related contributions. Outstanding Scholar is the highest award distinction any undergraduate scholar can achieve.

THE AAMU ALUMNI SENIOR AWARD – An award given by the AAMU Alumni Association to the AAMU graduating senior with the highest cumulative grade point average over a period of four years, with the highest course hours (taken at AAMU).

***Please Note: Students enrolled in the following developmental/transitional courses are INELIGIBLE: Reading (EDU 010), Reading with Lab (EDU 010L), College Reading (EDU 011), Developmental English (ENG 010), Developmental Mathematics (MTH 010), Fundamentals of Mathematics (MTH 011), Intermediate Algebra (MTH 012), Modern Mathematics (MTH 013). Pass/Fail and Incomplete grades are not included.

DEVELOPMENTAL/TRANSITIONAL COURSES:	
Reading (EDU 010/EDU 010L/EDU 011)	Developmental Math (MTH 010/MTH 011)
