If you meet the student eligibility requirements and are interested in applying for the TEACH Grant Program, you must complete this form and submit it to the Office of Student Financial Aid and Scholarships with ALL required signatures.

Terms and Conditions

In exchange for receiving a TEACH Grant, you must agree to serve as a full-time teacher in a high-need field in a public or private elementary or secondary school that serves low-income students. As a recipient of a TEACH Grant, you must teach for at least four academic years within eight calendar years of completing the program of study for which you received a TEACH Grant. If you receive the TEACH Grant as an undergraduate student and then again as a graduate student, you will be responsible to teach at least four academic years within eight calendar years of completing the program of study for each degree. **Please note:** If you graduate with a degree, the eight calendar years begin when you graduate. If you begin another degree within the eight calendar years of your previous TEACH Grant, the time period continues to remain in effect for your agreement to serve.
