ADJUSTING TO COMMUNITY LIFE
Sharing a room with another student can be one of the most rewarding and enjoyable aspects of a college experience. The opportunity to become close friends with someone new, who has a different background and different ideas, provides a tremendous learning experience.

There is always an initial adjustment period between roommates. To make this adjustment easier, you should sit down with your roommate(s) during the first few days and discuss the following items:

- Study habits
- Cleaning the room and/or suite and bathroom
- Time for fun
- Visitation/Guest
- Noise (music, cell phone, and TV)
- Use of other’s personal property and food
- Roommate agreement form to be filled out together
- Space for clothing, luggage and personal storage
- Work and study schedules
BELONGINGS
Find out your roommate's feelings about lending his or her belongings to other people and that includes you. These items may be clothes, money, car, etc. Some roommates do not mind lending personal items to their roommate(s) but will not lend to other people. Find out. Let your roommate(s) know your feelings.

CLEANING
It is a good idea to divide all the cleaning responsibilities. Make an agreement as to who cleans what and when. If someone is not doing his or her part in the room, do not wait around writing notes complaining. Talk with each other. Do not create hard feelings and increase problems but work at solving them before they grow into bigger problems.

COMMUNICATION
Always strive to keep the lines of communication open between you and your roommate(s). If something about the living situation is bothering you, chances are good it's bothering your roommate as well, so talk about it.

COMMUNITY BILL OF RIGHTS
The community bill of rights is a reminder to you of your rights as an individual and your responsibility to your fellow community members:

1. The right to read and study free from undue interference in one's room. Unreasonable noise and other distractions inhibit the exercise of this right.

2. The right to sleep without undue disturbance from noise, guests of a roommate or suitemates, etc.

3. The right to privacy.

4. The right to host guests with the expectation that guests are to respect the rights of the host.

5. The right for redress of grievances. Residential life staff members are available for assistance in settling conflicts and negotiating differences.

6. The right to be free from fear of intimidation, physical and emotional harm.

7. The right to expect reasonable cooperation in the use of "room-shared" amenities and a commitment to honor agreed-upon living standards.

8. The right to expect reasonable cooperation in the cleaning of rooms, apartments and bathrooms that are shared.

9. The right to be free from peer pressure or ridicule regarding one's beliefs, interests and behavior.

10. The right to have a comfortable shared space with respect displayed for each person's differences.
CONFLICTS WITH ROOMMATE(S)
As it pertains to roommate conflicts in incidences where there is no solution, each student will be subject to a room reassignment within the same hall or a different hall if necessary.

GUESTS
Make specific agreements about the times visitors will be welcome and about entertaining guests. Always consider your roommate’s side of the situation. Establish guidelines, with which you both can live comfortably and agree to discuss issues any time either of you has a concern. You need to be flexible, assertive and communicate your needs. You are responsible for the actions of your guests at all times and they may not be left alone in your room/apartment but must be escorted at all times.

INTER-RESIDENCE HALL COUNCIL
The Inter-Residence Hall Council (IRHC) brings together students from all halls who want to make a difference in their residence hall and apartment living experience. This group will keep themselves busy planning and organizing activities and events. Each residence hall and the apartment complex elects a Hall Council at the beginning of each academic year. Any resident of a hall or apartment may run for any office in the residence in which they reside. Hall Directors and the Property Manager serve as the advisors to the Hall Council. IRHC reflects the interest and concerns of residents by planning and implementing social and educational programs.

PERSONAL SAFETY
Here are some important tips to protect you in the halls and around campus.
In the Halls:
- Always lock your door when you are in the room and when you leave to keep yourself and your valuables safe.
- Know the emergency evacuation procedures for your building and be familiar with the location of fire extinguishers and emergency exits.
- Follow health and safety regulations and do not prop doors open as this will allow anyone and/or anything to enter your building.
- Look out the peephole before you open the door to ensure you know who is looking for you.

Around Campus:
- Avoid walking alone at night. Take a friend with you if you must go out.
- Look alert and eliminate a potential attacker's element of surprise.
- Carry your keys in your hand because this helps avoid fumbling in the dark.
- Vary your daily patterns because some attackers stalk before they strike.
- Pay attention to your surroundings! What is the best lighted route? Where can you run for help if necessary?

Victim of an Attack:
- Keep your wits about you, taking into consideration that struggling can save you but sometimes it only antagonizes the attacker.
- Consider passive resistance. Try talking to your attacker in a calm manner.
- Report any attack to Public Safety and residence hall staff immediately.
- Seek medical attention, if necessary.
- Locate emergency stations. Look for the BLUE LIGHT!
PRIVATE ROOMS
A limited number of private rooms are available in select residence halls and Normal Hills Student Apartments. When assigned to one of these rooms, you will automatically be charged for double occupancy until such time you request to be moved or fail to reapply for this room.

When a space becomes available in your room or apartment, a roommate may be assigned at any time during each semester. It is your responsibility to keep the other side/bedroom prepared for possible occupancy. This means clothing or personal belongings may not be placed upon or stored in the space provided for a second roommate. Your failure to comply will result in both a private room charge being assessed and possible disciplinary actions.

RESIDENTIAL LIFE STAFFING
The staff member with whom you will have the most direct contact is the Resident Assistant (RA) or Community Assistant (CA). This person lives on your floor or in the building to which you are assigned and is available to assist you with residence hall or apartment living and serves as an informational resource. The RA/CA also ensures that community living standards are maintained and works to plan informative and enjoyable activities. Each residence hall is supervised by a Hall Director and the apartment community by the Property Manager.

RESPECT
Spend some time with your roommate(s) so that you can get to know one another better. This will assist you if problems arise later. Find out your common interests and build on them. Respect your roommate. He or she is an individual. Remember, not everyone is alike or does things the same way. Make other friends and get involved in some activities that are interesting and pertinent to you. Do not depend on your roommate(s) to fulfill your every emotional and social need.

ROOM CHANGES
In hall room changes are only allowable if space is available. Contact the Hall Director or Property Manager for your building at the beginning of the semester to make your request.

Mediation Changes:
- While learning to live with differences is an important aspect of college life, we realize that sometimes needs and personalities are just too different. If you really try and it still is not working out, let your Hall Director or Property Manager know. He/she will work with you and your roommate(s) through a Roommate Mediation. Any room and hall change MUST be approved in advance by the appropriate housing staff. Violators will be subject to an improper check-out charge and possible disciplinary action.

STAFF OFFICES
Located in the main lobby of each residence hall/complex is the place to:
- report maintenance needs.
- receive assistance when locked out of your room.
- ask for assistance regarding residence life concerns

Traditional and Non-Traditional halls are staffed 24 hours for 7 days a week. Normal Hills Student Apartments office is staffed Monday through Friday from 8:00a.m.-5:00p.m.

The Allstate Blog recently published 8 Helpful Fire Safety Tips for College Students, please take 2-3 minutes to read: https://www.allstate.com/blog/8-helpful-fire-safety-tips-for-college-students/

Examples of what and not to use:

REFRIGERATORS
Residents of Hopkins Hall, Stephens Hall, Terry Hall, and Thigpen Hall may only bring a 1.7 cubic feet refrigerator. In addition to wattage requirements, you must use a power strip with a circuit breaker. If your refrigerator unit exceeds the 1.7 cubic feet or you are not using an approved power strip with circuit breaker, you will be given 24 hours to correct the situation. Failure to do so will cause your refrigerator to be confiscated by residential life staff.

ROOM KEYS
A room key is issued to each resident upon check-in with the exception of the Student Residence Hall. Their access is gained by using their ID Card. Residents are expected to carry their key and ID Card at all times. Lost keys should be reported to the front desk immediately.

ROOM PERSONALIZATION
The use of Command Strips is the only adhesive material allowable for decorations. Be very careful that no holes or any type of damage results when it is removed. All types of personalization must be removed at the close of each academic year or any time when residents are not returning to the room/apartment. Failure to comply with the above guidelines will result in charges being assessed.
SMOKE DETECTORS
Smoke detectors are provided in all residence halls and apartments. They are checked regularly to ensure proper working order. Students are not to tamper with smoke detectors. Tampering will result in a restoration charge and judicial action.

WINDOWS
Windows should remain closed when the heating/cooling system is operating and windows should remain locked for the security of your personal property. No items should be stored, thrown, and/or passed from any window.

WINDOW SCREENS
Window screens are to remain properly secured in window frames at all times. They allow for fresh air to be ventilated when the window is open. Removal or damage of screens will result in a restoration charge being assessed. In windows that do not have screens, keep the window closed so that undesirable things do not enter.

RESIDENCE HALL/APARTMENT REGULATIONS

ACCESS TO YOUR ROOM/APARTMENT
Residential Life staff may enter a student's room/apartment for the purpose of maintaining conditions of health, safety, inventory control, and enforcement of residence regulations. Staff may search a room and seize evidence when strong probable cause exists to make them believe that University guidelines or state laws are being violated. Residents need not be present or give permission for search and staff is not required to identify what they are searching for.

ALCOHOL
The use and/or possession of any alcoholic beverages are strictly prohibited on campus. Knowingly being in the presence of alcohol constitutes a violation of University regulations. Empty alcoholic beverage containers, either in one's personal possession or assigned room are not permitted as decorations. Alcohol found in a room/apartment will be poured out.

COMFORT/SERVICE ANIMALS/PETS
Comfort and/or Service animals are permitted in the residence halls and apartments. The student must receive prior approval from the Office of Veteran Affairs and Disability Services to make these accommodations. The director of Veteran Affairs and Disability Services will send in writing the approval for a new or currently enrolled student residing in Residential Life and Housing to the Housing director.

No other animals are permitted to enter or be kept in the residence halls/apartments. Any resident in violation of this regulation will receive a fine, and must immediately remove the non-sanctioned animal/pet. If the unauthorized animal/pet cannot be immediately removed, the staff person will contact AAMU’s Department of Public Safety for assistance. The resident will be charged any expenses incurred in addition to judicial charges.
APPLIANCES
Televisions, electric razors, irons with auto shut-off feature, clocks, hair dryers, lamps, heating pads, electric blankets, humidifiers, small coffee machine, and fans are permitted in rooms provided their use does not disturb other residents, or their state of repair is not a fire hazard. All appliances must be UL listed. General safety, fire codes, and insurance standards require that certain restrictions be placed on the use of electrical appliances in the residence halls and apartments. Hot plates, grills, electric skillets, toasters, toaster ovens, space heaters and gas appliances are not allowed.

Please note this list is not all inclusive. No cooking is permissible in the traditional rooms but a microwave is provided in the common areas for the use of all the residents to warm and/or cook food. The non-traditional rooms in Foster Complex, Knight Complex, and Student Residence Hall have microwaves provided in each suite to also warm and/or cook food. Normal Hills has a stove/oven for cooking. Violators of this guideline may have the appliances confiscated and will be subject to disciplinary action.

BICYCLES
Bicycles may be stored in student rooms/apartments provided they do not restrict free entry and exit, or may be placed in bike racks conveniently located near your residence hall/apartment (if applicable). Bicycles may not be stored in stairwells, hallways or other common areas and are not to be chained to exterior light poles, trees, etc.

CONFISCATION OF ITEMS
Illegal substances and items found to constitute a health and safety violation will be immediately removed by residential life staff in cooperation with the Department of Public Safety. An incident report will be made listing all items removed or retained as evidence. The illegal items will be disposed of by the police. Some items, depending on the severity of the violation, will be disposed of and others may be returned when a student leaves campus housing and a proper check-out of the residence hall/apartment is done.

CONTROLLED SUBSTANCES/DRUGS
The manufacture, sale, possession, use and intent to distribute controlled substances or drug paraphernalia is illegal and prohibited on campus. Violators will receive disciplinary action.

CURFEW
All who are visiting and do not reside in that hall/apartment must vacate by midnight.

DISCRIMINATION
The Office of Residential Life and Housing is committed to the education of all of its' residential population. This department does not discriminate with regards to gender, sexual orientation, religious beliefs, interests, and race when pertaining to housing assignments/reassignments, staffing, and office assistance.

DISCIPLINE PROCESS
Residential Life staff works diligently to provide a safe and comfortable environment for all students. Students have an important role in contributing to our success. Those who do not cooperate with our efforts will be held accountable for his/her actions through the discipline process. This process is designed to be fair, uphold student's rights, and to be an educative process. The disciplinary process usually begins with a student misconduct report.

Misconduct reports are used by hall/apartment staff to document, in writing, an incident that occurs in and around the residence halls/apartments. Usually these incidents are regulation violations that have occurred and are used to communicate the facts of the incident to the offices of Residential Life and Housing and Judicial Affairs. Misconduct reports can be used to keep the hall/apartment staff informed and ensure the appropriate action is taken. All violators of a regulation will be subject to disciplinary action.

ENROLLMENT
Students residing in University housing must be enrolled as a FULL-TIME STUDENT for the semester in which they live in the residence halls/apartments. The minimum for an undergraduate student is 12 hours and the minimum for a graduate student is 9 hours.

GAMBLING
This activity is not allowed inside or outside of any of the residence halls/apartments. All violators will be subject to disciplinary action.

HALL/FLOOR MEETINGS
Hall and/or floor meetings are conducted on a monthly basis in the residence halls/apartments to familiarize students with the expectations of campus living. Residents will be held responsible for all information that is...
discussed during the meeting. Hall meetings provide excellent opportunities for residents to share concerns and ideas with community members because the entire building meets together. There is also an advantage to hold meetings by each floor separately to address the needs of the floor that are distinctive for the building. The non-traditional halls and apartments have the largest amount of residents to accommodate and usually meet by floor.

**INTER-ROOM VISITATION POLICY**

Visitation refers to guests, same sex or opposite sex, visiting with residents in residence hall rooms during regularly scheduled hours and days. The resident checks in another student (maximum of two) by going to the office with the guest(s) to give their ID’s to the staff. IDs are returned back to the resident and guest(s) before exiting the building. Normal Hills Apartment guests must leave the property by midnight. There is no visitation during Mid-term and Finals Week.

**INSURANCE**

The protection of personal property is the individual's responsibility. Students are strongly encouraged to obtain personal renters insurance, possibly through their parents’ homeowners insurance. An example of renter’s insurance can be found at [www.nssi.com/individual-quote](http://www.nssi.com/individual-quote).

**LATE CHECK IN**

Upon written request, the Office of Residential Life and Housing will hold your assignment for a limited period of time after the official check-in period has ended. Failure to notify our office and/or move in within 48 hours of assigned move-in time will result in your being counted as a NO SHOW and your housing assignment will be cancelled.

**LOCKOUTS**

Room keys are distributed to residents to access their room at any time. Carrying room keys at all times is an individual responsibility but lockouts occur. Assistance is available by requesting to be let into your room/apartment by office staff but charges for lockouts apply.

**LOST KEYS**

The cost of replacing a lost key, re-keying the lock core and issuing additional replacement keys is charged to the student and is non-refundable. Report your lost key immediately to your Hall Director or Property Manager.

**NOISE**

Quiet hours will be observed in the residence halls/apartments from 10 p.m. to 8 a.m. daily. During quiet hours, all noise must be contained within individual student rooms and apartments at a level that is not disruptive to other residents. During mid-term and final exams, 24-hour quiet hours are in effect. Staff members are available to assist in resolving noise-related problems. It is best to attempt to resolve the problem directly before staff is asked to intervene.

**PACK AND STORE / BAG AND TAG**

Personal property left in a room after a resident leaves by proper or improper check out, is deemed to have been abandoned and will be removed and disposed of at the resident's expense. The University is not responsible or liable for any losses or damages to any abandoned property. The belongings will be packed and stored or bagged and tagged for only two weeks.
PUBLIC AREAS
Public areas in the residence halls and apartments are for use and enjoyment for all residents and may not be reserved for private social events. THIS IS A NON-SMOKING CAMPUS so smoking is prohibited.

RESTRICTED AREAS
Certain areas in and around the residence halls are off limits to students. These include, but are not limited to, roofs, ledges, mechanical rooms, crawl spaces, etc.

SQUATTING
Squatting is a criminal violation. The harboring of non-residents during the academic year including the holiday and semester breaks are prohibited. Additionally, the storage of property for a non-resident is prohibited as well. Violations of this rule will result in a fine/ loss of residential status. The final decision will be based on the severity of the violation.

SECURITY
For your own protection and that of your personal property, do not leave your room/apartment unlocked when unattended. Valuable items serial numbers should be registered with Public Safety. University housing is continually monitored to limit the risk of personal injury or damage to personal property. As members of a residential community, resident students are expected to comply with all safety measures in place. If something appears to be wrong, notify your residential life staff and/or campus police.

SURVEYS
Surveys conducted by University housing target the beginning of the fall semester associated with move-in and at the end of the spring semester. Assessments rate the quality of residential life services, specific issues affecting campus life, and official U.S. government census.

THERMOSTAT
In residential facilities with central air conditioning and heating, thermostats are to be set in a range from 68 degrees to 72 degrees. This will help ensure cooling systems do not freeze up in warm weather and will help conserve energy during peak winter months.

UNAUTHORIZED AREAS FOR OUTDOOR ACTIVITIES
Bouncing of basketballs, Frisbee throwing, skateboarding, throwing darts, roller blades, golf, use of archery equipment, water sports, playing catch or any other similar activities or games inside or in close proximity to the halls and the respective parking lots are prohibited because of the possibility of damage and the resulting noise. The use of other games posing a threat to resident safety or facilities maintenance also is prohibited.

VACATING UNIVERSITY HOUSING
Students in residence halls/apartments will be given 24 hours to vacate for these reasons:
- Voluntary cancellation of housing agreement.
- Suspension from University housing.
- Loss of status as a student.
- Non-payment of registration fees, housing fees, etc.
- Withdrawal from the University.
WITHDRAWAL FROM THE UNIVERSITY
All students withdrawing from the University must completely vacate their assigned room and complete an Intent to Vacate Form. The student must remove all personal belongings and complete a proper check-out with the residence hall/apartment staff. Failure to check out of your residence/apartment may result in a charge to your account for occupying the room and not checking out properly.
