Welcome to "The Hill"

Greetings & Welcome to "The Hill!"

Dr. Braque Talley
VP Student Affairs

It is my pleasure to welcome you to Alabama A&M University, which affectionately referred to as "The Hill." Our motto, "Start Here, Go Anywhere" is the motivator for all that we do – as we work diligently to provide our students with the requisite skills to be leaders in their chosen walk of life.

Alabama A&M University offers a comprehensive college experience both in and outside of the classroom. AAMU students learn from faculty who are experts in their fields.

Students of Alabama A&M are encouraged to make powerful, life-long connections as they engage with a diverse population of students from across the United States and the globe. AAMU is proud of its growing diversity, as it provides a unique opportunity for International and American students to share a heritage that goes beyond the classroom. Diversity is celebrated throughout campus and the community through food, arts, and entertainment during the academic year.

In the classroom, academic achievement is paramount. Alabama A&M University believes a college degree is earned – not rewarded. We also believe in linking theory to practice as much as possible by offering opportunities for experiential learning. As a student of Alabama A&M University, we will expect more from you and you will learn to expect more from yourself.

As your Vice President of Student Affairs, I look forward to meeting you! It is an honor to welcome you to our very exceptional institution of higher learning and I wish you a very enriching collegiate experience while at AAMU.

This is to ensure that the required documents are placed on file to comply with Federal immigration regulations to report necessary information about your status to the U.S. Department of Homeland Security via SEVIS (Student and Exchange Visitor Information System)

link: Resources - Alabama A&M University

Failure to complete the SEVIS Registration process in the given time will result in automatic termination of your SEVIS record by SEVP.

<https://lsrfichewb.aamu.edu/Forms/sevis-Registration>

Passport – Be sure you keep your passport valid at all times. Your passport cannot expire while you are in the United States.

Visa – It is important to check the expiration date on your visa. You will need to make the necessary arrangements to renew your visa if you plan to travel internationally and your visa is expired.

Additionally, please reach out to the DSO to extend your I-20 prior to the program end date.

I-94 – Have a copy of your I-94 with you at all times.

TRAVELING

While traveling within the United States, you should carry your immigration documents and your most recent I-94 record.

Anytime you plan to travel outside of the U.S., You **must** complete the travel endorsement request form **PRIOR** to your departure to get a travel signature on your Form I-20 (F-1).

It is essential that you make the necessary preparations for obtaining a new visa if yours is expired, as you will need a valid visa to re-enter the United States. Furthermore, based on the location of the embassy/consulate and the season during which you try to apply, appointments may have to be scheduled weeks in advance.

Reminder! You will not be able to re-enter the United States without a valid visa.

Here are a few examples of cultural differences that may contribute to culture shock:

- Language Barrier
- Social Customs and Etiquette
- Food and Dietary Differences
- Academic Expectations
- Homesickness and Loneliness
- Cultural Values and Beliefs
- Weather

Dealing with Culture Shock

Tips

Dealing with culture shock as an international student can be challenging, but there are strategies you can employ to help navigate this transition.

Here are some tips that students have found useful in dealing with culture shock:

Language Barrier: To overcome this, consider taking language classes, practicing language skills with native speakers, and immersing yourself in the local culture to improve language proficiency.

Social Customs and Etiquette: Observing and learning from locals, asking questions, and observing social cues can help you navigate unfamiliar social customs.

Food and Dietary Differences: Explore local markets, try new dishes, and connect with other international students to share experiences and discover food options that suit your preferences.

Academic Expectations: Seek guidance from professors or academic advisors, participate actively in class, and familiarize yourself with the academic resources and support available to you.

Homesickness and Loneliness: Stay connected with loved ones through regular communication, engage in social activities and join student organizations to build a support network, and explore opportunities to meet new people and make friends.

Cultural Values and Beliefs: Maintain an open mind, embrace cultural diversity, engage in intercultural dialogues, and seek to understand different cultural perspectives to broaden your own cultural intelligence.

Seek Support: Reach out to the Multicultural Affairs Office, student organizations, or peer mentors who can provide guidance and support during your adjustment period.

Banking & Finance

As an international student in the United States, understanding the banking system and managing your finances effectively is crucial.

Here are some key points to consider when it comes to banking as an international student:

Choose a Bank: Research and choose a reputable bank that offers services suitable for your needs. Look for banks that have branches or ATMs conveniently located near campus residences.

Types of Bank Accounts: There are different types of bank accounts you can open as an international student, such as checking accounts and savings accounts. A checking account allows you to deposit and withdraw funds for day-to-day transactions, while a savings account helps you save money and earn interest on your balance.

Required Documentation: To open a bank account, you will typically need to provide certain documentation, such as your passport, visa, I-20 form, and proof of address.

Banking Services: Understand the various services offered by the bank, such as online banking, mobile banking, debit cards, and wire transfers. Online and mobile banking allows you to manage your accounts, check balances, make payments, and transfer funds conveniently through a computer or mobile device.

Fees and Charges: Be aware of any fees associated with your bank account, such as monthly maintenance fees, transaction fees, or ATM withdrawal fees.

Seek Financial Advice: If you have any questions or need assistance with banking and managing your finances, do not hesitate to reach out to the bank's customer service or visit their branch.

Budgeting and Managing Finances: Create a budget to track your income and expenses, including tuition, accommodation, food, transportation, and other necessities.
