

COVID-19 Response Task Force Notice #1

August 20, 2020

Dear Campus Community,

Due to the COVID-19 pandemic, Alabama A&M University has mandated that all students, faculty, and staff coming to campus for any reason must observe the following, in addition to previously published COVID-19 safety measures.

1. Receive clearance from the Student Health and Counseling Center (working in conjunction with the Office of Human Resources, if employee).
 - a. Commuter Students: Delivery negative COVID-19 test results to the Student Health and Counseling Center before attending classes on campus. The Health and Counseling Center will provide a wearable bracelet that you must present to faculty and staff, if requested.
2. Effective Monday, August 23, 2020, complete daily health checks and temperature screenings using the GuideSafe App, accessible through AAMU's Single Sign-on (SSO).
 - a. Click on the "GuideSafe" icon
 - b. Enter your mobile phone number
 - c. Respond to questions about your body temperature, symptoms, and level of exposure. Housing and Residential Life provided every residential student with a thermometer. Commuter students should visit the Student Health and Counseling Center to receive a thermometer, if needed.
 - d. Click "Submit"
 - e. Click "Get my Passport" – screenshot or save a copy of your daily passport and be prepared to present to faculty/staff, if requested.
 - f. Failure to complete daily will result in the enforcement of disciplinary actions.

3. Comply with request for random COVID-19 testing. Individuals selected will be notified by email. Please continue to monitor your university email account.

Lastly, the University was alerted on Sunday, August 23, 2020, that a student tested positive for COVID-19. The student is now self-isolating, and those in direct contact are self-quarantining. Medical professionals are monitoring symptoms. Local/State health officials will facilitate contact tracing with the support of campus designated tracers.

This recent development is a reminder that COVID-19 continues to impact all of our daily lives. It is critically important that we continue to comply with safety measures in place to help minimize the spread of COVID-19.

For more information about COVID-19 please continue to monitor the University's designated COVID-19 website.

Sincerely,
The COVID-19 Response Task Force
